

## Stepbrother Studs: Quinn: A Stepbrother Romance

What do you think it is, baby girl? ... The deep, dark forbidden. Something we shouldn't want, but all the more attractive because we do. FROM NEW YORK TIMES BESTSELLING & AWARD WINNING AUTHOR SELENA KITT Viv has a secret. Her super-sexy, indie rocker stepbrother, Quinn, drives her crazy. With lust. She knows she shouldn't want him the way she does, but spending every waking, aching moment with him, on stage and otherwise, is both pure torture and pure bliss. They've worked for years to get their band, Strange Angels, recognized, to make up for their parents abandoning them and they're finally on their way. They even have groupies who want nothing more than to sleep with the lead singers of Strange Angels. Viv is happy to comply but only because it gives her an excuse to be closer to Quinn. Almost as close as she wants to be. Then, one night, the stepsiblings cross a barrier that was never meant to be crossed, and discover a backstage door to the sweetest song they'd ever imagined.
