

MATING GAMES: A erotic mystery romace and action adventure suspense thriller

A beautiful young blonde trophy wife just didnt know what to do when her own marriage started the biggest drama and mystery in her life, and Alexandra Martin didnt know if sensual romance was right behind or if she was a pain in the rear of someone and about to be returned in kind.

She invested her faith and curiosity in a long shot for a short pleasure trip of wild mating games and bondage and submission games, and a mystery man she thought of as Sunglass Man just maybe was pulling the shades over her eyes while showing her the light and new ways to see things.

Her friend Tiffany was emotionally and physically invested the same way and they wondered if they were on a personal journey or a trip through the dark labyrinth of the differences between pain and gains, or mating games that might pay off some way. They had to hang on and let go to find out if they were all in to let go of themselves. The man known as Shades had his eyes on them. But did he like what he saw in them. When investments were made, someone always had to pay the price.
