

Flash 5 In An Instant

Using the award-winning Visual learning system, this compact, value-priced guide shows visual learners how to get up and running on the core program features in Flash 5 -- which you'll use over and over again. Flash 5 in an Instant covers the most popular features of Flash 5, including creating both simple and complex graphics, layering, animation with motion and shape tweening, and adding sounds. Its concise, step-by-step instructions and consistent placement of elements make fast learning of essential Flash 5 tasks.
