

Instant Design: Fundamentals of Autodesk Inventor 7

Instant Design: Fundamentals of Autodesk Inventor(R) 7, another text in the Instant Design and Drafting series, continues the tradition of delivering technical information in a quick and easy format. The text contains a number of features that make the basic ideas more concrete and clear. These include: *a list of Key Concepts at the start of each chapter *an In a Nutshell conclusion to each chapter *brief Hands-on labs throughout each chapter to reinforce newly-learned concepts *an integrated CD-ROM that contains hands-on practice and 30 solid models
