

Samantha Learns the Ropes

Prim and proper Samantha is a newly graduated accountant who goes to work for a brilliant, but eccentric man, and learns a lot from him. More than she had expected in fact. Samantha has always had dark fantasies, but never dared to express them to anyone. In the small shop which is the accountants office, her fantasies are accidentally exposed. Mortified, she then finds the two older men there both taking full advantage of those fantasies, and pushing her to live them out. Thrilled and anguished in equal measure, she is unable to resist the intensity of the heat and the dark, breathless rush their domination of her brings. One shock follows another but she comes to revel in her sexual freedom and the wild passion she finds herself living with.
