

Marbles and Miracles - Native American Secrets of Manifestation (Native American Wisdom Teachings Book 1)

Native American legend has it, that there are three camps within the human mind, and that the camp you live in determines how much you struggle and how happy you can become. You will be taken on an adventure, joining the author as he experiences Marbles and Miracles while he is mentored by a Native American elder and his family. Simple keys based on tribal wisdom will help you manifest and create change - miracles in your life - in ways that you can't possibly imagine. Dedicated to Neville Goddard.
