

# Lab Manual - Enterprise Network Solution Volume III: Setup An Enterprise Network From Scratch - Step By Step Guide For Dummy

Just follow the steps to get your own company running on Internet! With your own website, and your own email system in your own domain name, it will be a perfect project scenario for you to show off your skills during the interview. Just need a home router, a Windows 7 computer with internet connection to start with. This training project has been taken by hundreds of students from our computer training institute over the years, and helped them to get real hands on experience of state of the art technologies like Windows Server, Wmware, Firewall, iScsi SAN, Site to Site VPN, etc.
