

The Butler

Allison grew to adulthood wrapped in the protective embrace of her very conservative parents, virtually locked away from the modern world in her wealthy fathers remote castle. Sternly disciplined by her governess, she was kept strictly in line in her thoughts and behaviour. But her innocence was to be used, abused and shattered by Michael, the familys trusted butler. He would plant the seeds of dark fantasy in her mind and then reap the results in the dark and long forgotten dungeons beneath the old castle. For Allison, Michaels abuse, her torture in the dungeons, was a shockingly wicked and thrilling opening of her narrow world. Sexual heat and passion burns away the cobwebs of her mind and makes her, at last, feel like an adult. Yet one with a twisted need to be punished, to be degraded, to be abused. Yet she soon perceives that Michael has more in mind than mere dominance games. He is attempting to brainwash her, to turn her into a sex slave in reality. Despite knowing it, Allison cant resist the outrageous things he does to her, cant stop her body from responding to his taunts, his punishments, and his touch. She must somehow waken from her darkest, most erotic fantasy before it becomes reality. Warning: Graphic sex and sexuality
