

# Maggie Saves Three Men from Death After the Oregon Trail: Christian Romance Novella

Maggie Saves Three Men From Death After the Oregon Trail, is a gentle story about love and faith and one lone woman on her Wyoming ranch, left by herself except for some transitory ranch hands, after her husband dies. There's a very long period of loneliness before God sends a man and his two sons who are near death after being abandoned by the people on their wagon train traveling the Oregon Trail, to her. What she does later will change four lives, and then many more, forever.
