

## Knight Shadows: Captive

Captive is the first book in the Knight Shadows Series. Arielle Andrews is having dreams about a passionate relationship with a rich Dominant in a past life in the 1920s. She is surprised when the man turns up in her waking life one laying claim to her as his past life wife and kidnaps her. Handsome American billionaire, Gabriel Knight is consumed by a dark obsessive need to protect Arielle after being haunted by dreams of their life together in 1926 when she was murdered and taken from him. He is determined not to allow the same fate to befall her in her present life when he discovers the same man plots to destroy their relationship. Gabriel finds he must employ all of his skill as a Dominant to guide a disbelieving Arielle in to accepting her situation and her place at his side so he can keep her safe and change their painful history. He makes it plain he is ready to apply his firm hand to her bare bottom over his knee with a sound spanking to do it. He wont lose her again. Will Gabriel be able to make Arielle submit to his mastery and protection to prevent her murder or will the lovers be parted in time and death once more?
