

Shes Got Game: The Womans Guide to Loving Sports (or Just How to Fake It!)

Does baseball boggle your mind? Is football completely confusing? Shes Got Game is the perfect resource for women who have it all together but just dont understand the rules when it comes to professional and college sports, that is. Youre the kind of woman who can adapt to every situation. You know just what to wear and what to say. Nothing flusters you—except going to a game. Sporting events raise so many questions. What is March Madness all about? What on earth is a pop fly? If they just had the fourth down, then why is it the first down now and not the fifth? Whats a down anyway? What do I wear? Will I wipe out if I wear heels? Should I wear makeup? And how do you say that players name? Dont you wish you had a smart girlfriend who could explain it all without making you feel like an idiot? One who could tell you whats going on, what to wear to the game, and even when its a good time to go to the ladies room or get another beer? Now you do. Melissa Malamut brings a lifelong love of sports, a girly-girls sensibility, and insight from fashion editors, friends and her own experiences to Shes Got Game. The ultimate guide to enjoying yourself (and looking smart) at any sporting event, Shes Got Game, is packed with all the rules and history of the games, personal anecdotes, and dos and donts. In this incredibly well-researched and engaging book, Melissa gives you everything you need to feel at ease and fall in love with sports.
