

The Only Two Men I Need, Part 1

But Clayton, youve known me for my entire life. Are you sure you want to do this? After my parents decide to leave the country for some religious sabbatical, Im forced to move in with our friend, Clayton.

I hadnt seen Clayton in some time and Im surprised when I lay eyes on him again. The military has made him muscular, powerful and authoritative, on top of his natural sexiness. I cant believe how much his body has changed in just a few short years and Im sure he feels the same way about mine. But things get interesting the first day that I move in. I know that hes attracted to me and it becomes even more clear when I catch him pleasuring himself just minutes after seeing me in my swimsuit. However, Clayton isnt the only one who is turned on. Watching him touch himself takes me to a whole new level of horniness and I find myself losing control. Can I contain myself and my carnal instincts, or will I beg Clayton to take me for my first time, hard and without protection? This 7,500-word short story features an 18-year-old woman enjoying her first time with a muscular and powerful soldier.
