

Little Bit Silverware: @wengerknowsbest a season in tweets

Discover Arsene Wenger like never before, through the eyes of the master Twitter parody artist @wengerknowsbest. Follow the @wengerknowsbest story of what became Arsenal's FA Cup-winning 2013/14 season, through a chronology of his finest tweets during the campaign, plus exclusive inside-story revelations through bespoke photo spreads. Catch secret telephone calls with rival managers, surprise exposes, Wengers dream-like appearance on Bullseye and the inside story on why Per Mertesacker is called the BFG. @wengerknowsbest started in April 2011, merely as a comic interpretation of recognisable Wengerisms. Amusing twists on reality, the tweets have gained a life of their own, always meant in respect, never rude, never crude. Initially to amuse the author, it was never contemplated that @wengerknowsbest would attract even 20 followers: three years later, it has over 120,000 followers worldwide. @wengerknowsbest is illustrated with photographs from the archives of the Daily Mirror and is a must for all football fans!
