

Livewire Poetry

Stimulating and accessible, the titles in the Livewire series have been produced in association with The Basic Skills Agency to ensure a non-patronising approach towards the requirements of readers with special needs. They provide teenagers/adult interest level fiction and non-fiction for those with reading ages below 10, or adult students learning English as a second language. Livewire Poetry contains fun and engaging poems, each one relevant to the issues and interests of young people. From Denis Law to Studup, there is something for everyone in this anthology of modern poetry.
