

Looseleaf for Foundations of Early Childhood Education

Foundations of Early Childhood Education: Teaching Children in a Diverse Society is designed to help increase the quality in early care and education programs through training teachers. It features skill building with a solid theoretical base, and provides students with an overview of early childhood programs through the use of examples, anecdotes, and scenarios. Readers will come away with an understanding of what makes a quality early childhood education program, where children gain the foundations they need for school success and beyond. Instructors and students can now access their course content through the Connect digital learning platform by purchasing either standalone Connect access or a bundle of print and Connect access. McGraw-Hill Connect is a subscription-based learning service accessible online through your personal computer or tablet. Choose this option if your instructor will require Connect to be used in the course. Your subscription to Connect includes the following: SmartBook - an adaptive digital version of the course textbook that personalizes your reading experience based on how well you are learning the content. Access to your instructors homework assignments, quizzes, syllabus, notes, reminders, and other important files for the course. Progress dashboards that quickly show how you are performing on your assignments and tips for improvement. The option to purchase (for a small fee) a print version of the book. This binder-ready, loose-leaf version includes free shipping. Complete system requirements to use Connect can be found here: <http://www.mheducation.com/highered/platforms/connect/training-support-students.html>
