We focus on our belly fat or how we look in the mirror and we feel bad. We affirm all those negative thoughts and negative feelings and we end up attracting more negative things in our life. We struggle with dieting, exercise plans, going to the gym, and maybe even drugs, surgery or diet pills to lose the weight. But it doesnt work!The key is to learn how to control your thoughts - to rid yourself of harmful, self-deprecating negative thinking, and instead focus on achieving the life of your dreams.About The AuthorTina Quick is an exercise enthusiast and food-lover.
