

Between Two Junes Is a Forest: A Journal of Everything

Having proven his sensitivity in *A BOY AWARE*, Geoffrey Dilenschneider is ready to share his innermost thoughts once again. *BETWEEN TWO JUNES IS A FOREST* is a journal spanning the course of a year--from June to June--exploring an outpouring of topics. This feast of poetry, short stories, expose, and essays takes readers on a journey of contemplation, self-doubt, and self-discovery. Geoffrey's grasp of the ironic, unusual, and unexpected are the hallmarks of a new generation. Leaving no stone unturned, no vision incomplete, *BETWEEN TWO JUNES IS A FOREST* is about love, loss, growth, pain, and tolerance. Geoffrey easily disproves the old stereotype that teenagers are superficial and naive. He exudes maturity as he communicates his political views with more eloquence than most adults, but at the same time he is a typical teen interested in girls, sports, music, and seeing the world. *BETWEEN TWO JUNES IS A FOREST* is a work of great depth written by a teen of unending complexity.
