

Mail Order Bride: Abused By Her Husband, Rescued By A Rugged Cowboy: A Clean Western Historical Romance

Mail Order Bride: Abused By Her Husband, Rescued By A Rugged Cowboy is a 10,000-word western romance novelette that takes place in the mid-1800s. Matilda searched for answers every day in the Lords scripture which, as she discovered while suffering through years of spousal abuse, was the only true way to find guidance, wisdom, and salvation. All she had ever desired was to live a simple existence with family and friends. Unfortunately, this dream was shattered by the one person who she had once loved beyond measure: her husband Frank. Rather than be a rock in their marriage and a pillar of strength in times of woe, Frank was an unrelentingly evil presence in her life. After seeking the Lords guidance and deliverance through constant prayer, Matilda was finally given divine direction in the form of a Mail Order Bride advertisement. Her one hope, then, was the prospect of reaching the man whom God had designated to be her mate. Only Matildas fervent pursuit of accomplishing the Lords purpose could help her realize lasting peace and happiness. Can she see His divine will to its completion, or will Franks evil schemes crush her hopes for true bliss?
