

Mail Order Bride: Scarred Sisters Find Love on California Ranch: A Clean Western Historical Romance

Alice and Joan are intelligent, godly sisters with a troubled past. Bearing scars from a catastrophic fire that handicapped their father and burdened their mother, they are scorned and ridiculed by townsfolk and fellow churchgoers alike. The sisters are anxious to start families of their own, but no suitor seems to be able to look past their scars. After playfully browsing a mail order bride catalogue at the local market, they decide to send a letter to two Christian brothers looking for women to settle down with them on their ranch. Will Christopher and Edward choose to appreciate inner beauty and restore the happiness that has been missing from Alice and Joans life since childhood?
