

Melissas Master

Melissa was a quiet young woman, an educated professional, an emergency room doctor. But from the moment she met Jonathan Stone she found herself helplessly drawn to him. He was cruel, rough and powerful, and her body thrilled to his often violent sexual attacks. Bondage and submission seemed wild, kinky and hot at first. But the more time she spent around him the more of her strength and confidence seemed to wither and fade, until she became little more than his pet, a shackled, naked sexual animal at his beck and call. Mellissas story is the story of an aimless woman with little purpose in life being forced to confront her own sexuality and the heat, passion and lust which comes from freeing it from all inhibitions.
