

The Second Coming: Book One of Millenium (The Millenium Series) (Volume 1)

A Savior or Anti-Christ? In the midst of a global economic collapse, when famines and natural disasters abound, one man appears with the message of a messiah to bring hope to the world. Ngunda Aran, the head of Millennium and a charismatic speaker, works miracles and brings the message of the Tao to Americans and people across the globe. But his message isn't always welcome and there are many who would put an end to this messiah. But will Aran usher in a millennium of peace, or will his dire predictions of a global catastrophe come to pass?
