

Honor and Duty

World War 2 continues on to Sicily, a break in England, the Normandy Invasion and on into Northern France. Eric shoulders his new responsibilities as a lieutenant making life and death decisions for his men. Lillian finds herself in England, working with the Red Cross. When Ruth Ellen is left desolate, back home in America, she must decide whether or not to accept Eric's offer to marry her by proxy, though they barely know each other. With each step of their lives God's guiding and helping hand is seen, working out His plan and purpose in their lives.
