

Messages from Michael; 25th Anniversary Edition

Twenty-five years ago, Chelsea Quinn Yarbro and her friends began sharing messages from a group entity that called themselves Michael. Michael's words were offered without alteration or interpretation for seekers, students, and skeptics alike. Pragmatic, insightful, and often witty, Michael insisted their work was simply to help questioners become more aware and better able to make their own decisions in life. Through this initial volume, Messages From Michael, and three more that followed, Michael spoke to thousands who found new understandings of themselves. Unfortunately imitators and frauds have since exploited the Michael teachings-but even they admit that Messages From Michael was the first source of the teachings. Here, expanded for the twenty-first century, is the long-awaited new edition of this ground-breaking book.
