

THE NO-HUDDLE EXPERIENCE: MY JOURNEY INTO THE WORLD OF NO-HUDDLE FOOTBALL: NO HUDDLE MANUAL

This book is designed for football coaches who are running the no-huddle or want to add it to their offensive repertoire. Throughout the selection the reader will be immersed in my experience running the no-huddle and the coaching points that have evolved from being in a no-huddle system. In 2011 the no-huddle offense allowed us to gain over 4500 of total offense and led us to an undefeated regular season. It is the ideal read for any coach who wants to super charge their offense.
