

A Baby For The Billionaire (Stepbrother Romance)

Will Danielle let Kenneth take her hard and without protection without sacrificing her moral integrity? She can give him a baby, but what if he wants more than just her body? Danielle Blackwell is the newest member of the infamous Blackwell brood. These billionaires have been stepping on the little guy for as long as anyone can remember, and though Danielle has always prided herself on serving the community as an investigative reporter, the woman who raised her has put her in a compromising position by marrying the Blackwell patriarch. When Danielle discovers that Malcolm Blackwell is responsible for a crime so heinous it might destroy his name forever, she's only too eager to run the story. But Kenneth, her new step, has other ideas. He knows he can't buy Danielle's silence, but he does know there's something she's been wanting for a very long time. Him. Or at least, the baby he can give her.
