

Nikola Tesla in Photographs (Volume 2)

For quality reasons, the publisher has decided to integrate this book as part of the book Nikola Tesla: My Life, My Research. This action also brings the purchasing cost down. For the eighty-page collection of rare photographs taken at several stages of Teslas life, from his birth certificate, to the first photograph ever taken by phosphorescent light, to the last known photograph before Teslas death, in 1943, please check out this title: <http://www.amazon.com/book/dp/1500367559>
