

No Escape in Sight

When Beth Robertsons rebellious teenage girl disappears, the single mother imagines the worst. Has her daughter run away with some man? Former private investigator Luke Sanders offers to help, introducing to Beth a gentle but firm relationship that was unfamiliar to her during her previous marriage to an abusive alcoholic. Beth reluctantly befriends this unchurched man who has a good lead to find Emily and who obviously likes her. Beth and her twelve-year-old daughter Bonnie join Luke as he travels to Southern California, where the three search for clues and work together on a case that turns into an urgent race against time. When Lukes strikingly beautiful former girlfriend shows up to claim back Lukes attention, Beths admiration of Luke falters. However, she is forced to endure Marlenas presence during the search. Relying on her faith in God to help her, Beth works through the complications until she can find Emily and get back to a normal life. As she tries to back away from any deeper relationship with Luke, Beth quickly realizes she is heading into yet another painful relationship from which there is no escape.
