

Inside Netware 3.12

This is the bestselling NetWare book made better. It has been updated to cover new technologies, new uses of NetWare, and the concerns of managers of today's more complex networks. A command reference lists the most essential commands used with NetWare 3.12, 3.11, and 2.2. Disk contains a selection of utilities and applications that extend the range of a NetWare network and make it easier to administer.
