

Silent Bob

Roberta Valentine used to be a party girl. But that is all over as she searches for a real relationship. She feels her chances slipping away as she moves into her 30s. She has all but given up. Then she meets her main competitor in the outdoor gear business: Blake. That woman slowly weaves her way into Robertas heart. The biggest obstacle? Blake is straight. Through all the lies and tragedy, can their odd relationship survive? Can they truly find the beauty hiding all around us? This is set in the same world as Music of the Soul but is a stand-alone book.
