

Paint The Town Pink Volleyball Team

The reality is, breast cancer exists and continued funding is needed to improve treatment methods so that even more lives can be saved. Many dedicated individuals have stepped up to the plate and given so others can live. I would like to share some ways in common situations that turn for the worst that what I like to call miracles take place. I will show how resources and miracles work hand and hand. Its a known fact that those that can obtain funds have a better chance of survival. Insured vs. non-insured is a serious matter that politicians are debating today. Amazingly, this is a cause everyone can participate in by doing a little which can turn into much. Awareness will be exemplified and togetherness will be illustrated. Writing this book brought a famous quote to mind, It takes a village to raise a child.
