Excerpt: 1. A Good Sex Night She slowly slid off her panties and unhooked her bra. Instead of just letting it fall off on its own, she slowly slid the shoulder straps down her arms, one at a time. Taking her right hand, she gently slid the fabric off her left breast and then her right until she was completely naked. For a second when taking her off her bra she felt a glimmer of sexy but just for the shortest fraction of a second. Looking in the mirror, she felt discouraged again. Look closer. Close your eyes and use your hands to see what he sees. She thought she just couldn't do it. Touch herself? It's not like she had never done so but not in a while and certainly not when her husband would be here any moment. What are you waiting for? Why are you denying yourself pleasure? Get on with it! With a deep breath, she closed her eyes. I WILL do this if only to shut you up. I like being in my comfort zone. I don't like to step outside my boundaries. I am fine with accepting me for who I am. But you don't accept yourself. You hide behind your fears, behind your past self. When are you going to just move forward and understand that you are beautiful and can be sexy? When are you going to let your true beauty shine through and accept the beautiful woman you have grown and matured into? SHUT UP! She closed her eyes and took a couple of deep breathes and started to quiet her inner voice. She started by taking her

right hand and resting it on her left shoulder. She stood still for a couple of moments, breathing slow with her eyes closed. Gently, almost to the point of not touching her skin she moved her hand down towards her breast. Softly her hand moved towards her nipple and her fingers discovered it was starting to become erect. She rubbed it in small circles, further exciting her nipple and with a gentle pinch; she let out a little gasp. She caressed herself as she brushed her right to her right breast and had her left hand take over where the right hand had just left. She caressed her breasts and rubbed her nipples and let out a slight moan. Her eyes closed in front of the mirror she was taking herself to a place she had not been to in a long while or often enough.
