

IEC 60364-7-714 Ed. 1.0 b:1996, Electrical installations of buildings - Part 7: Requirements for special installations or locations - Section 714: External lighting installations

Deals with fixed external lighting installations. The requirements apply particularly to lighting installations e.g. for roads, parks, gardens, public places, sporting areas, illumination of monuments and flood lighting, and other equipment incorporating lighting such as telephone kiosks, bus shelters, advertising panels, town maps, road signs. Note: External lighting comprises luminaires, wiring system and accessories located outside buildings. This title may contain less than 24 pages of technical content.
