

# Petronella Saves Nearly Everyone: The Entomological Tales of Augustus T. Percival

After all, fashionable friends are arriving at her country estate near London, teas are being served, and her coming out party promises to be a resplendent affair. Everything is falling nicely into place until suddenly ? it isnt. For Petronella discovers that her guardian, Uncle Augustus T. Percival, has developed a most unVictorian compulsion: He must eat bugs. Worse still, because he is her guardian, Uncle Augustus is to attend her soiree, and his current state will most definitely be an embarrassment. During the festivities, when Petronella would much rather be sharing pleasantries with handsome Lord James Sinclair (swoon), important guests are disappearing, kidnapping notes are appearing, many of the clues are insects, and Uncle Augustus is surreptitiously devouring evidence. Its more than one sixteen-year-old girl should have to deal with. But, truth be told, there is far more yet to come ... Definitely frothy and categorically a romp. Saucy Petronella Arbuthnot is determined to help her dear uncle Augustus if she has to insult everyone else in her family to do it. I grew fond of Augustus T. Percival, and Im glad he has a niece worthy of him. ?Caroline Stevermer, author of Sorcery and Cecelia or The Enchanted Chocolate Pot
