

12 Stages of Loving - Prose-Poems, Infancy to Infinity

Unique - in the sense this small book is written from the perspective of age. And of an-aging still being lived ;-). The idea is that we are all lovers, always have been, and always will be - just in different ways at different times... With that in mind, I've explored what love might mean, at the various times in our lives. Written in an easy everyday prose-poem language, this is an exercise in imagination and searching I believe we can all do. I hope you enjoy these short musings ;-). Thank you, sincerely, adanfebruary 02, 2012
