

## Project Dreamweaver MX (Project (Delmar))

Start using Macromedia? Dreamweaver today to make web sites with logos, menus, forms, tables, and more! Project Dreamweaver MX features 20 high-interest projects to lead readers, step-by-step, to a complete understanding of the whys and hows of using one of today's leading programs for creating web sites. Ideal for readers who learn by doing, every project in this fast-paced and richly illustrated how-to book is broken down into a set of specific procedures. All projects are presented in a logical sequence that affords opportunities to expand upon skills learned in previous projects. Each and every project produces its own tangible and rewarding result to propel beginning through intermediate users to new skills making this book a must on every user's desktop.
