

Hard Ride (Taboo Erotica)

Her lips were just inches from his. Pump, moist, ready to be kissed. When Carrie and the man of the house become trapped by a freezing snow storm in his secluded mountain cabin, the last thing she needs is for the generator to go out. Without a heater to keep them warm, their desperate plan to survive drives them into each others arms. Her already smoldering TABOO lust for him is stoked by his dangerously close proximity and she fights the growing urge to caress every inch of the rugged cowboy. As the temperature plummets, the heat between them intensifies. Doug struggles to resist the naughty brat but the longer the night drags on, the harder he gets. Will they surrender to their raging desires, or will they resist every last temptation? Love scenes are fully realized and at times include explicit language. Intended for readers 18+.
