

First Time With A Unicorn

Ryan, a freelance oil painter from Maine, is on a road trip across the country looking for inspiration for his next collection. While stopping in the mountainous regions in Montana, Ryan comes across a beast he has only ever read about in fairy tales, a unicorn! His road trip (and his body) are turned upside down when this unicorn decides what he wants to do to Ryan. This is a 3,000 word hardcore gay erotic novel. It includes- unicorn sex, anal, oral, mind control, horn sex, cream pies and more!
