Teachers will feel secure in the knowledge that the content is based strongly on the most important topics in the syllabus. The texts can easily be integrated with existing Key Stage 3 resources. The series allows all pupils in a mixed ability classroom to assess and understand RE, as the language level in each book has been carefully monitored to ensure it is totally appropriate for all abilities. Pupils will be motivated and engaged by the clear and colourful, yet simple, design presenting text in an easily accessible style. Foundations develops and tests knowledge and skills for each ability level. The approach is based on the teaching experience of the author, a practising Head of Department.
