

## More Confessions: Speedway Revelations and Memories from the 70s and 80s

Following his acclaimed first book, Confessions of a Speedway Promoter in 2004, former England and Ipswich team manager and promoter John Berry is back with another action-packed, no-nonsense look back at speedway and the colourful characters who made the 70s & 80s such a special era in the history of the sport... Supporters from every track in Britain and beyond will enjoy this highly entertaining journey back through the last golden era in speedways stormy history as Berry applies his typical acid wit and wry observations to a whole host of interesting subjects. From rating the different tracks and stadia of his generation, to lifting the lid on some of the sports top names and what they were really like to deal with, JB is onto another winner with this evocative memory-jerker.
