

Roanoke: The Keepers of the Ring, Book 1

In 1587, a fleet of English ships set sail for the Virginia colony. During a storm, one ship became separated from the others and was never seen again. The settlers on board were presumed lost at sea, but there is both historical and legendary evidence that the colonists actually founded the Roanoke colony. Veteran novelist Hunt (Theyn Chronicles) reimagines this slice of Colonial history through the eyes of Jocelyn White, a newlywed reluctant to leave her home in England for the wild shores of the New World. Whites journey is fraught with danger, but her dependence on God and Gods providence carry her safely through. Hunts engaging historical romance will appeal to fans of B.J. Hoff and Patricia Hickman. Recommended for most collections.
