

The Miracle Tree: Demystifying the Qabalah

The Miracle Tree offers a revolutionary new approach to the Tree of Life from a leading author who has practiced Western Qabalah for more than 30 years. The word Qabalah originally meant an oral tradition, and the voice of this book is that of a teacher talking with a group of students (the readers), without elitism, obscurity, or willful secrecy. Some hitherto secret techniques are described, including Withdrawal from Time, The Qabalah of the Three Suns, Walking Participation, and entering the Inner Temple traditions. These techniques produce powerful and rapid results when the student practices them regularly: They work directly within us, founded upon the truth that we are already the Miracle Tree. Another unique and groundbreaking feature of this book is that the author traces the sources of Tree of Life meditations and visions in medieval Europe.
