

## Sadhana: The Realisation of Life

Sadhana: The Realisation of Life is Rabindranath Tagore's excellent collection of essays on the subject of Indian spirituality. Tagore's objective in this work was to give the reader an understanding not only of the scripture but as to the practice, as he writes, So in these papers, it may be hoped, western readers will have an opportunity of coming into touch with the ancient spirit of India as revealed in our sacred texts and manifested in the life of to-day.
