

Past Forward: The Complete Collection

Available for a limited time only: Past Forward: The Complete Collection Alone without friends or family to comfort her after the death of her mother, Willow Finleys idyllic life is over and just beginning. When Willow Finley awakes on a hot summer morning, she is unprepared for the grief that awaits her. Jerked from a life of isolation with her mother, Willow learns what alone really means when she finds her mother still in her bed, never to awaken again in this life. From the moment Willow arrives in the police station with her startling announcement, Chad Tesdall fights the friendship he knows he cant avoid. This collection contains all six volumes of Past Forward (all 28 Episodes). Volume 1: Opens with Willows life-changing discovery and gently guides the reader through aspects of her life--the past weaving through the present and into the future. Experience her first morning in church, her first movie, and the culture shock of her first trips to the city. A birthday party and a street faire add welcome diversion from butchering, canning, and the beating of area rugs. Disaster strikes. Will she be able to continue her life, or will an offer in the city change it all? Find out in this first volume.

Volume 2: Willow, battling grief and anger, drives Chad from the farm, but he finds himself drawn back, despite her determination to keep a wall between them. An accident and the chance of a lifetime threaten everything she thought she held dear. As the walls crumble, Chad and Willows friendship deepens into something truly special, but to what end? Everyone around him pushes Chad into a relationship he both wants and fights, knowing that Willow simply is not ready. Someone is wreaking havoc around her farm. Afraid for Willows safety, the police take turns guarding her place when off duty and she finds it hard to endure the disruption of her

tranquility. And then, Chad asks her to dance. Can she trust him? Find out in this second volume.

Volume 3: In this volume, Chad and Willows engagement doesnt stay a secret for as long as they expected. Willow is initiated in the sport of shopping, attends her first ball, and a week with Marianne and Chad at her house is followed soon after by a week of Aggies children. This volume introduces her to weddings and ends with a surprise twist.

Volume 4: In this volume, their marriage is everything and nothing like either of them experienced. At last, the Solari trial commences--a step in removing their influence from Chad and Willows life, but the drama isnt quite over yet! So many firsts in this volume from first days of marriage to an ending that changes everything.

Volume 5: In this volume, Chad and Willow embrace the joys of parenthood. Challenges surface as they adapt to new work loads and changes, but when Ryder presents a new opportunity, their life takes yet another turn.

Volume 6: The many changes that have taken place over the past few years slowly reverse as Chad and Willow find a comfortable groove for their little family. But amid the good and wholesome, something--or someone--foreboding lurks in the shadows, threatening the tranquility of their home and lives. When Becca feels threatened, Josh wants something done and now. In the weeks before Beccas wedding, Willow finds her life turned upside down by a very pregnant Aggie and her nine children--yep. Nine! Overwhelmed by the sheer volume of people and work, Willow finds herself struggling with more than just the excess dishes and laundry. Amid all of lifes upheavals, the changes at Walden Farm continue, but when tragedy and loss arrive, they help the Tesdalls determine what is most important to their family, bringing Chad and Willow closer than ever.

Volume 6 is the final volume in the Past Forward Series. Look for more about Chad and Willow in its sister series, *HearthLand*.
