

Angels without Wings

Book 1 For God, we fight; all angels have heard the command. Troy Decker has heard it from his parents countless times. All he wants in life is a chance to prove himself and be granted his scepter - the first gift angels receive in their war against Lucifer. Standing in his way is fallen angel Kyle Downey, who used to be best friends with Troys parents but is now on a quest to destroy all that is good in the world. Will Troy ever earn the scepter that God has prepared for him? And what happened between Kyle and Troys parents? As the War for Sins rises to heights not seen in generations, Troy must find the strength to hold his faith when demons target his friends and family. In this war there is only one winner. Will the world fall to demons or be saved by angels?
