

Security Risk

Why read a magazine while waiting for your plane to board, when you can have a kinky quickie with a gorgeous officer of the law instead? Magazine columnist Lake Cooper is shocked when the hot cop working with airport security announces he has to search her bag. Suddenly, the fantasy she had a few minutes earlier of the gorgeous Officer Shane Nelson arresting her isn't quite so exciting. When he takes her into a private room to open her suitcase, she's embarrassed to discover she accidentally tried to board the plane with the bag of sex toys she's supposed to review instead of her carry-on. Shane pulls one sex toy after another out of the bag, asking Lake what makes each one worthy of a high mark on her rating scale. As the conversation heats up, it's obvious the sexy stud with the handcuffs is coming onto her. More than a little attracted to him, she suggests they set up a date when she gets back so he can help her test out the newest batch of vibrators for review. She's surprised when he instead proposes they try them out right then and there. She eagerly agrees and soon they're trying out not only the vibrator, but a leather paddle and his police-issued handcuffs, too!
