

Futa 101 (The Futanari Academy)

Joy has grown up thinking she was a freak. As a futanari she has a functioning penis and vagina and a heightened sex drive that requires constant attention. But she is not alone. Now she is eighteen she can finally apply to The Jenson Academy. An exclusive school that helps futanari come to terms with their amazing bodies and realize their sexual potential. But first she has to survive the interview. An interview where three sexy young dickgirls are encouraged to let loose for the first time and experience pleasure that they have never imagined. This is the first part of The Futanari Academy series and contains 5,500 words of steamy, explicit futanari sex. It is intended for an adult audience.
