

My Graduation and Screwing Cindys Luscious Granny (Sexual Misadventures of a Young Man Book 13)

Its one day before Grant Evans high school graduation and he is a happy young man. His parents return from their vacation, accompanied by his stepsister, Jadesexy, seductive, beautiful Jade, perhaps the love of his life and hell have her with him for the whole week-end. She has brought him a graduation gift, an ancient Ankh ring once owned by the Great Sultan of Cairo, with a salacious history and enticing possibilities for fun. Anxious to learn more about the mysteries of the Ankh ring, Grant and Jade go to the public library for Miss Yancy Greene to help them with their research. Miss Greene has helped Grant with a lot more than research in the past year and shes delighted to see him. When Jade turns her back, Grant has the voluptuous librarian under his control once again to do as he wishes. Sexual juices begin to flow as their mission to uncover the bizarre history of the ring moves forward. Unfortunately, they have to leave before they have all the information they want, but Grant knows he can go back again for more whenever he wishes. His connection with Miss Greene is assured by his hypnosis skills, acquired from a book, *How to Hypnotize and Control People to Make Them Do Your Bidding*. His good looks and charming personality are bolstered by his mind control ability to help him get all the women he wants. He doesnt have to tolerate resistance or work for hours to overcome inhibitions. All he has to do is get the woman to gaze into his deep blue eyes for a few minutes. Later that day at the reception following the graduation ceremony, he is startled by the seductive beauty of a mature woman he has never seen before. Within seconds after meeting her, he knows he will have her in his bed before the evening is over. When he learns she is the grandmother of Cindy, and mother of Joan both of whom he knows much more intimately than anyone suspects, he is even more determined to

have her. How much hotter could it be than to have three women from three different generations of the same family? Its irresistible and it helps that Sarah, the granny, is instantly attracted to him. Before the reception ends, he has Sarah in his arms and they make a dinner date for that evening. After a flirtatious dinner in her hotel dining room, they go up to her room for brandy, but barely make it into the room before shedding their clothes and their inhibitions. She is horny as only a sexy, older woman can be and he rises to the occasion with customary youthful enthusiasm. She is young to be a grandmother, only fifty-three. She started out beautiful and improved with age, with a well-preserved firm body, huge tits, and great hunger for multiple orgasms. What a way to cross the threshold to adult manhood in the arms of an experienced, skilled woman who delivers some of the best sex he has ever had as the night wears on
