

## She Wants You: The Truth Behind Attraction

Do you feel uncomfortable around attractive women? Do you feel you could never date one? Then this is the advice you must read... A woman is not sexually attracted to you by how you look, how old you are, or how much money you make. She is attracted to your innate sexuality as a man. Everything else is unimportant. A woman wants a man who sexually knows what he desires, and then takes it - while not needlessly flaunting what he's doing. She wants a trustworthy man with common sense who knows who he is. She wants a man that will, literally and figuratively, take her... That man can be you. Don't delay finding out about this life-changing information. Scroll up and buy your copy now.
