

# Sizzling Chops and Devilish Spins: Ping-Pong and the Art of Staying Alive

Ping-pong, played around the world by over 250 million people, cast a hypnotic spell on Jerome Charyn's childhood imagination. *Sizzling Chops and Devilish Spins* portrays the great pongistes and includes photos and interviews with table tennis legends Marty The Needle Reisman and Dick Miles. From ping-pong detente in China to the underground bars of New York City, Charyn details the sports history while capturing the intellect, excitement, and anarchic spirit of ping-pong's golden age. This offbeat and entertaining chronicle of one of the world's quirkiest Olympic sports is presented in a completely redesigned trade paper edition. Table tennis can now add to its two certified American superstar players a certified American superstar chronicler. *The New York Times*: Both an informed history and an intimate memoir.... [Charyn's] book is a giddy delight and a sweet elegy. *The Los Angeles Times Book Review*
