

Skeleton Tower (Atlas of Cursed Places)

Jason's parents have been hired to work at a historic lighthouse along the California coast. The lighthouse is built along steep cliffs, surrounded by fog, and far from the nearest town. The last caretakers left in a hurry, and it doesn't take long to see why. Several accidents and the discovery of a hidden diary convince Jason the lighthouse is cursed. Will The Atlas of Cursed Places provide some answers before someone gets hurt...or worse?
